

## Something Beautiful

G  
Write it down on a piece of paper  
D  
Sketch and trace the things that matter  
Em C  
Fold it up kiss it once for luck  
G  
Watch it rise up in the air  
D  
As smoke and flames take it there  
Em C  
And hope that it's enough  
Am D  
Don't lie awake at night and wonder how on earth  
Am D  
The things you dream will ever come to be, just...

### *Chorus*

G D  
Keep your feet on the ground  
Em C  
And your heart above the clouds  
G  
Don't look back  
D  
Don't look down  
C  
It's always been in front of you  
  
Let it fill you up with something beautiful

G  
Black coffee in a paper cup  
D  
Sipping slow while the sun comes up  
Em C  
Make it last, and wrap it up to go  
G  
Take time for the simple things  
D  
Letting go of what might have beens  
Em C  
Can be harder than you know  
Am D  
'Cause all that time you spend looking back and forth  
Am D  
Just makes you tired, and leaves you uninspired, so... (*chorus*)
